Hideaway Leaves Instruction Manual

1. Locate the Allen key provided and use it to unlock the locking mechanism located underneath the top to extend the table.

2. Remove the hideaway leaves located at the storage below the table top and unfold it.

3. Unfold the apron located underneath the hideaway leaves.

4. Set the hideaway leaves in between the fully extended table top. Make sure that the dowels and dowel holes line up.

5. Align the dowels with the dowel holes. Push both sides of the table top towards the hideaway leaves to eliminate gap.

6. Use the Allen key to lock the hideaway leaves securely in its place. Picture shown without leaves for demonstration purposes.
